Transcripts of live events speak only as of the time of the event, and we undertake no obligation to update publicly or otherwise revise any of the statements made therein. Transcripts of live events are intended for informational purposes only and are not intended for further distribution.

Cautionary Note on Forward-Looking Statements: Transcripts of live events may include “forward-looking statements” within the meaning of the U.S. federal securities laws. Forward-looking statements are any statements other than statements of historical fact and represent our current judgement about possible future events. In making these statements, we rely upon assumptions and analysis based on our experience and perception of historical trends, current conditions, and expected future developments, as well as other factors we consider appropriate under the circumstances. We believe these judgements are reasonable, but these statements are not guarantees of any future events or financial results, and our actual results may differ materially due to a variety of important factors, many of which are described in our most recent Annual Report on Form 10-K and our other filings with the U.S. Securities and Exchange Commission. We caution readers not to place undue reliance on forward-looking statements. Forward-looking statements speak only as of the date they are made, and we undertake no obligation to update publicly or otherwise revise any forward-looking statements, whether as a result of new information, future events, or other factors that affect the subject of these statements, except where we are expressly required to do so by law.

Non-GAAP Financial Measures: See our most recent Annual Report on Form 10-K and our subsequent filings with the SEC for a description of certain non-GAAP measures referenced in transcripts of live events, including EBIT-adjusted, EPS-diluted-adjusted, ROIC-adjusted and adjusted automotive free cash flow, along with a description of various uses for such measures. Our calculation of these non-GAAP measures are set forth within these reports and may not be comparable to similarly titled measures of other companies due to potential differences between companies in the method of calculation. As a result, the use of these non-GAAP measures has limitations and should not be considered superior to, in isolation from, or as a substitute for, related U.S. GAAP measures. When we present our total company EBIT-adjusted, GM Financial is presented on an EBT-adjusted basis.

Product Disclosures: Vehicles and features referenced in transcripts of live events may be simulated or in a preproduction state and subject to change. Products may not be currently available and subject to limited availability. Certain vehicle performance and other specs, including acceleration, torque and range are based on GM testing. EPA estimates not currently available for all products referenced. Actual vehicle range will vary based on several factors, including temperature, terrain, battery age, loading, use and maintenance. For important feature information and details relating to advanced safety and driver assistance features, including use and limitations, consult the vehicle’s Owner’s Manual and brand’s website. Manufacturer’s Suggested Retail Price excludes tax, title, license, dealer fees, and optional equipment. Dealer sets final price.
